HCO POLICY LETTER OF APRIL 16, 1962

REGULATIONS, ACADEMIES AND COURSES

Add to training regulations for all Courses, Academies
and the Saint Hill Special Briefing Course.

If it be discovered, by whatever means, that a student is not studying tapes and bulletins for examination but is studying instead only the answers to examination questions, however procured, then the tape and bulletin section of the check sheet of that student shall be destroyed, and the student shall be required to begin the entire tape and bulletin study anew without credit for any he has done.

In comment, the responsibility of all instructors is to graduate students who have accurate knowledge of the subject. Studying examination questions only defeats this and will find the student someday completely adrift in his handling of a preclear.

The first date after which this regulation shall be in effect shall be 20 April 1962 and only offences committed after that date shall cause this regulation to go into effect against a student.
