PROFESSIONAL CHARGES

(Amends and amplifies HCO Pol. Ltr. of  
February 10, 1961, same title.)

No Franchise or Field Auditor should charge less for services than the Central Organization for that Continent. They may, however, charge more.

The Organization cannot be fully responsible for the excellence of any auditing that is not regularly purchased through the Registrar and done in the HGC at a Central Organization. However, in the case of complaints against an auditor, if it is found that the auditor has conscientiously applied standard procedures to the best of his ability, and has not charged less than the recognized fee for the area, he may expect some support from the HCO, HASI, and myself.

All auditing rates in an area are uniform. Field auditors are supposed to charge the same as the Organization.

Good auditing today is excellent. It is worth far more than the fees charged in the HGC. Bad auditing is money wasted.

No responsibility need be accepted and no legal help or advice need be given where, on investigation of a complaint, it is found that an auditor has given auditing for fees that are less than those charged by the Central Organization for the area. In the event of preclear complaints in such circumstances, severe disciplinary action may be taken against the auditor concerned.

The Central Organization should take steps to ensure that all field and Franchise auditors in its area are kept informed of their current charges and terms, so that field auditors can align their charges and terms accordingly. Field auditors also should assume responsibility for keeping themselves informed of the current charges.
