CLEARs MUST BE TRAINED

It is standard knowledge that a one-goal Clear is a very capable person.

A two-goal Clear is a human dynamo.

It should also be recognised that though they have these capabilities they are not, unless trained as an HPA/HCA trained, educated and are therefore incapable of utilising this released action and ability to the greatest good of the greatest number of dynamics.

An untrained Clear can, through non-education, become a severe embarrassment not through bad intention but solely because he wants to get something done. He wants to help but doesn't know how.

It therefore becomes mandatory that as soon as the first goal has gone to a free needle and been checked out fully by a Class IV Auditor as a 1st-goal Clear, the individual must receive and complete training of HPA/HCA level BEFORE proceeding any further with auditing on his own case.
