HCO POLICY LETTER OF JUNE 10, AD.13

SCIENTOLOGY TRAINING
TECHNICAL STUDIES

All Academy Students will be expected as an early activity in training to acquire a knowledge of the time track and engram running.

Modernized material on this subject is now being released.

A Revised Curriculum for Academies places in the hands of the HCA/HPA the fundamental skills of auditing as follows:

(1) The CCHs

(2) Self Analysis version of ARC Processes (for training auditing practice).

(3) The Time Track

(4) ARC Straight Wire Modern Version

(5) Witholds

(6) Dating by meter

(7) Locating and Indicating By-Passed Charge

(8) Engram running by Chains

(9) Routine 3N

(10) Programming Cases

In addition it is expected that the common academic subjects be retained such as Model Session, Scales, Axioms, the E-Meter, etc.

However, it is clearly visible that no auditor would be worthy of the name if he or she did not have the above listed skills at his or her command. All other types of processing may be dropped.
