HCO POLICY LETTER OF 5 MAY, 1965

ISSUE II

SUPERVISORS

The title Instructor is changed herewith to Supervisor.

"Instructor" is a MISNOMER in Scientology. They don't instruct anyone. They actually should only supervise the student to make sure he is instructed by HCO Bs, tapes and books, and be sure he does his drills.

The use of "Instructor" gives a tendency to alter-is tech which alter-is of tech is now the only thing that can prevent case gain.

An "Instructor" who thinks he is instructing will be able to handle only about 1/5 the number of students he could handle if he Supervised. Therefore it will cost you valuable personnel to use the term "Instructor" or let training personnel even get the idea they are instructing.

Supervisors just call rolls and make sure the proper operation of the course takes place and that the students are orderly and on schedule. They even make better auditors out of the students than Instructors would.

At Saint Hill we have for many years has Theory Supervisors, Practical Supervisors, etc. The title Course Supervisor has been the title of the Saint Hill Special Briefing Course head since it began.

Therefore all Instructors or Chief Instructors in the world are promoted to Supervisors, Theory Supervisors and Practical Supervisors.
