LRH COMMUNICATOR ORDERS

An LRH Communicator may issue orders to other than his own staff as authorized by the above HCO PLs and based on other LRH organizational policy and tech. These are always on channels in accordance with the org board and with no bypass. He always informs a senior before he questions that person's junior.

The LRH Communicator's standard procedure is to do a full investigation and work out an exact handling based on policy with copies to LRH Comm Int HQ and Flag Data Bureau before he issues any orders of his own. He also carries out the long-standing LRH Comm function of seeing that current LRH consultation programs and orders are complied with and acknowledged and sees that these take precedence over orders from any other source.

EXCEPTION

When a Unit, Section, Department, Division or the Org is in Danger Condition and the LRH Communicator finds that it would be harmful to delay action for a full investigation, he may bypass issuing immediate orders from policy to get compliance and handle the Condition. He or she must follow then the Danger Condition formula exactly as the assigning executive.
