Remimeo HCO POLICY LETTER OF 13 OCTOBER 1966  
Issue II

HAS COURSE

There are advantages to running the HAS Course over a period of two weeks, so you may run it for 5 evenings over a period of one week as per HCO Policy Letter of 12 September, 1965; or for 5 evenings spread over a period of 2 weeks.

Some orgs have found the advantages of 2 weeks as follows:

1. Students have time to study the material more thoroughly.
2. It can be easier to administer re staff and space.
3. It is a better gradient.

The text book is Evolution of a Science. The drills are TR 0-4. Start and end exactly on time. Have a check sheet. The students receive a certificate and pass on to the HQS Course.
