Good Supply to Review
(HCO Pol. Ltr. of 26 June, 1965, amended and re-issued)
HGC PC REVIEW AUDITING FORM
When the Case Officer of Review receives a PC from the HGC for 'Review' he instantly and immediately gets the PC into session and handles the following form only. All handling of this form is count- ed as Auditing time in Review.
The D of P and Tech Division must not say what is wrong with the PC or what to do with the PC as this is monitored by the very firm broad policy that Tech cannot order Review.
The Case Officer checks all these things. They are done on a Meter. Significant TA actions noted on the lines on which they occur with PC holding the cans.
