ORGANIZATION - THE FLAW

I looked for a long time for any flaw in the idea of organization. It does have a flaw.

The basic flaw in organization is INSPECTION BEFORE THE FACT. That means inspection before anything bad has happened.

Violations are so harmful they destroy every great civilization - the Roman, the British, the lot. For every flow is slowed or stopped.

The prosperity of any organization is directly proportional to the speed of its particles - goods, people, papers.

World trade, world shipping, world prosperity is dying only because of the cumulative effect of inspections before the fact. Passports, customs, safety regulations, general government interference before anything bad has occurred add up to a SUPPRESSIVE SOCIETY and therefore, soon enough, a dead one.

Penalty after the fact has occurred, disciplines the criminals and does not pull down the majority to criminal level.

Scientology organizations must never lose sight of the reason organizations have decayed.
