HCO POLICY LETTER OF 9 MAY 1968

SAME TITLE

Revised  
LRH Comm Hat  
Nimec

Any Executive Directive written personally by LRH will have the following distinctive format:

**EXECUTIVE DIRECTIVE FROM L. RON HUBBARD**

**LRH ED**

**Date**

It will be signed in the bottom right hand corner

L. RON HUBBARD  
FOUNDER

This is achieved by using pre-cut stencils, typing in the orders as with any ED. The typewriter type size is "Pica".

LRH EDs will have a consecutive number series starting at one used only for LRH EDs and will be distinguished from all other ED number series by the initials LRH appearing before the usual ED designation.

The consecutive number is followed by the cable designation of the area or zone or org to which the order is directed. The number series for each designation begin again at one. E.g. LRH ED 1 INT.

Thus when filed, there will exist a file of LRH EDs which contain in numerical order only LRH EDs for any area and which may easily and rapidly be referred to.

The flash color will be blue ink on white paper. This flash color may only be used for LRH originated orders, and may not be used by any other. For other issue types and flash colors, see HCO PL 24 Sept 1970R "Issues - Types Of".
