HCO POLICY LETTER OF 26 AUGUST 1968

BPI
Auditor

**SECURITY CHECKS
ABOLISHED**

The practice of security checking from security check lists like the "Joburg" has been abolished.

There are several reasons for this:

1. We have no interest in the secrets and crimes of people and no use for them.
2. Security checking is often done without regard to the point where the person feels better and so became overrun.
3. Security checking is often done in disregard of the state of a person's case.
4. Low level cases do not react on actual crimes and so the "security" furnished is often a false security.
5. There is public criticism of security checking as a practice.
6. The existence of lists of crimes in folders often makes it necessary to destroy the folders which may contain other technical data which is constructive and valuable.
7. If a person is a criminal or has overt acts which affect his case, and speaks of them to an auditor of his own volition, the auditor is bound by the Auditor's Code not to publish use or reveal them.

Nothing in this policy letter alters standard grade processing or rudiments.
