"Public Divisions Org Board"

PUBLIC DIVISION ORG BOARD

There are certain principles which the Commodore has discovered which have resulted in the Public Division Org Board.

The first of these is

THAT WHICH CONTINUES IN THE MEST UNIVERSE IS THE PATTERN WHICH CONTINUES IN THE MEST UNIVERSE.

Our Org Board up to this point has had a factor missing, which is that it did not reproduce itself. A cycle of action ends in a STOP.

An organizational pattern must take this fact into account and be such that it produces other organizations of the same pattern. Thus you obtain persistence and expansion.

*This function comes under Department 18, the Department of Clearing in the Distribution Division.*

This factor is as important as the discovery of the need for Correction in the Org Board, which resulted in the Qualifications Division.

DISTRIBUTION - MEANS PUT IT ELSEWHERE SO THAT IT WILL GROW THERE TOO.

Another datum used, which has come out of OT VIII research is that where we have trouble -

WE ARE NOT RUNNING INTO COUNTER INTENTION BUT FAILED INTENTION.

This datum is further delineated and its use explained in HCO Policy Letter of 24th January 1969 "Purpose and Targets".

A third new datum is used in this Org Board, which is the Anatomy of population control. This depends on a knowledge of the ethnics of the people.

Ethnics - What is

Wonderful  
Good  
Bad  
Awful

Infinitely valuable  
Valuable  
Worthwhile  
Unacceptable  
Not wanted  
Hateful

You find out the current ethnic values of the population, what is acceptable or valuable and assimilate this data into your *promotion* and publicity. You beat the drum about that and ignore what the Press are beating the drum about. You push that in literature, and it is different in each area.

Know the purposes of the public.

KEY THE PURPOSE AND THE STOP BLOWS - which is the exact formula to put a group into action.

The Org Board now contains those factors which bring about rapid growth of an organization and which will, if used, boom stats over the world.

Use them causatively.
