RELIGION

Visual evidences that Scientology is a religion are mandatory on the PES.

Any staff who are trained at any level as auditors (but not in AOs) are to be clothed in the traditioned ministerial black suit, black vest white collar silver cross for ordinary org wear.

Creed of the Church is to be done big and plainly posted in public areas.

Stationery is to reflect the fact that orgs are churches.

All public literature must state that Scn is religious philosophy.

Since its first incorporation as HASI Arizona all orgs have been Religious fellowships by corporation statements.

All orgs are now Churches by their C of S of California affiliation.

The minister's course is a requisite for permanent certification.

The legal decisions handed down on Scn by US high courts uphold it as a religion.

It has never been anything else. It seeks SPIRITUAL FREEDOM.

This may or may not be publicly acceptable. This is NOT the point. It is a requisite defense and it is true. Those are the points.

Reinforce this in all possible ways.
