HCO POLICY LETTER OF 18 JULY 1969

PUBS ORG PERSONNEL RECRUITMENT

As Pubs Org does not itself run Dianetics or Scientology courses, being a publications rather than a normal service organisation, its staff cannot be technically trained in their own org as would be the case elsewhere.

HCO P/L 10 July '69 "Org Personnel Recruitment" thus applies with the following modification for Pubs Org personnel and potential personnel.

The lower level technical training (Dianetics to Class IV) can be done at either of the Copenhagen Orgs or at SHDK, without charge except that Pubs Org must either pay for or supply the course materials used by its staff. A no charge invoice is issued upon production of a current letter signed by Pubs EC stating the staff member is contracted to Pubs Org.

Staff Status and other post training is done at Pubs Org.

All other regulations as to full time or part time training, acceptability for staff, auditing fees, Advanced Org grades, Class VI and Class VIII are as given on the 10 July '69 P/L.

Pubs Org staff, at distant offices such as the Pubs Org US Shipping Office, receive their training under the same regulations at the nearest Org.

The intention of this policy letter is to have the same staff requirements and benefits for Pubs Org staff as for other Org staffs, as well as the A to E intentions stated in the above P/L.
