THE CASE SUPERVISOR CHECKSHEET

THIS IS THE CASE SUPERVISION COURSE FOR THE NEW STANDARD
DIANETICS AND SCIENTOLOGY CLASS VIII PROCESSING

PREREQUISITES: HDC - HDG - CLASS VIII PROV.

NOTES: This checksheet covers materials which are of the most important value. They are the results of long hours of hard labour of research by L. RON HUBBARD, The FOUNDER of DIANETICS AND SCIENTOLOGY.

The purpose of this Course is to produce Top Class Supervisors for both Dianetics and Scientology. The students are enrolled on this course, only when they have proven their value in holding the above certs, that is to say:

- 1) They have a proven record of successful auditing on Dianetics and Scientology, as auditors.
- 2) They have had best case gain from Standard Dianetics and Scientology.
- 3) They have a clean Ethics Record.

This course is done 3 times through. The materials are all to be STAR RATE checked out. That's the theory of this course.

The practical part of this course consists of the actual C/Sing of a total of 300 folders as follows:

- 100 Dianetics Folders
- 100 Advanced Courses and OT III folders
- 100 Class VIII and Sen Grades folders

EXAMS

At the end of this Internship, the student Case Supervisor is given 2 exams by The Keeper of Tech of the org area:

- 1) Theory: 50 questions on the study materials of this course. Passing Grade = 100%
- 2) Practical: The 300 folders C/Sed by the student must be all correctly C/Sed. And that is the passing grade of this practical exam.

If the Student flunks either of the above exams, he re-trains the whole course, 3 times through, all over again.

The Standard Grade of this Course is 100%.

From this course will graduate the

HUBBARD SCIENTIST OF STANDARD TECH

He/she, needless to say, has a unique value in Scientology and in the field of Dianetics.

The Hubbard Scientists of Standard Tech are the top Tech Trained Personnel on the Planet, and they should be considered

as such.

HERE WE COME!
