ISSUE I

FEBC TAPE PLAYS
AND SALE OF ORG MATERIALS

The FEBC tapes which are brought by Exec Dir FEBC Graduates to their orgs are to be played to STAFF ONLY.

These tapes are NOT NOT NOT for public play.

It will be considered a Comm Ev offense if any of these tapes are played to any member of the public, Franchise holder or staff, FSM, or to any other kind of public than org staff, or anywhere outside the org precincts.

The tapes are played for org training only. That is their SOLE PURPOSE.

Members of the public who wish to hear the tapes or purchase them must be referred to the Dissem Sec Flag Admin Org via nearest CLO, for further details of the FEBC. The tapes will not be sold, separately by Flag to any non-FEBC, non-org person.

The tapes are part of the FEBC Internship and are therefore not made available to the public, or to non-org students.

Notes made by staff members of these tapes are to be kept in the staff member's post or staff hat (as applicable), and are not to be taken out of the org or given to anyone not on staff.

To guard against any possibility of a person joining staff, hearing the tapes and blowing with his notes, a waiver is to be drawn up and signed by any staff member before he ever hears the tape. It states that he understands the material is given him for org purposes only and should he give any of the data to anyone outside the org a charge of \$5,000 will be billed him.

Only when advised explicitly and specifically by Flag may any of the data be given out publicly.

The third dynamic technology contained in these tapes is too powerful by far to be let loose out of the control of an FEBC Graduate trained to handle and apply it.
