SALE OF ORG MATERIALS

Materials issued to Orgs on Mimeo lines have on their top left-hand corner the Mimeo distribution for that item.

Unless specifically designated by category such as "Franchise," "FSMs," "BPI," "Magazine Article," these Mimeo materials are NOT for public issue and distribution, free or for charge.

"Remimeo" is for internal org use only. It means copies may be made in the org for supply to staff or students on course only.

Only public designations authorise distribution to the publics so designated.

Policies in Series, Hat compilations, collections of policy on a subject, may not be put together and sold to the public as books or anything else, unless originated as such by Flag.

Students may buy the non-classified materials of their courses. Grade V and above materials are classified as confidential.

Communication lines have been established for years. Mimeo lines are primarily communication lines from management to orgs and their staffs. Only where specifically designated on the Mimeo items are they distributed beyond management - org comm lines.

Only Flag authorised checksheets may be used by orgs in teaching any course. Students of org courses may buy the materials of the course they are on.

Only Flag has the right to offer or authorise for public sale or distribution materials put out on and which belong only on org comm lines.

This policy applies to any organization and any violation of it is to be handled as an Ethics offense.
