Remimeo HCO POLICY LETTER OF 17 MAY 1971 R
All Staff ISSUE II
All Students REVISED 13 NOVEMBER 1972

STUDY POINTS AND CONDITIONS

(Revises and replaces HCO PL 25 Oct 70
of same title for all checksheets.)

GOES INTO EFFECT WEEK ENDING 30 NOV 1972.

This revised issue has been designed to even out earlier inequities which gave artificial surges and slumps in students' graphs, and adds points for handling misunderstandings to further reward application of Study Tech.

The following point system is the standard point system and is to be used on all Scientology and Dianetics Courses. It cancels all previous point systems.

A point system is used so that students may accurately measure their progress through a course. It further provides a quantitative measurement of the production of a course, Academy or org.

The system itself is based on (1) how long a particular study action takes and (2) the type of action it is. Thus the practical is more heavily weighted than the theory, since the purpose of study is application.

ALL POINTS MUST BE EARNED.

The point system assumes that the student knows and can apply all the data for which he has gotten points. (See HCO PL 26 May 1961 "Quality Counts".)

PARTICULAR EMPHASIS ON TOUGH EXCELLENT TRS AND METERING AND UNDERSTANDING OF AUDITORS CODE IS REQUIRED.

SUPERLITERATES (those who have completed PRD) count their points exactly the same as others. E.g. an item marked *rate on a checksheet is so counted by the SUPERLITERATE even though not checked out by another.

<u>STUDY ACTION</u>	<u>POINTS</u>
0. Misunderstood word from materials defined and cleared.	1 point per word (except on PRD where it counts as 3 points per word).
1. Any written material (except as noted otherwise below).	0-rate 3 points per page *-rate 5 points per page
2. Tapes	0-rate 60 (60 min tape) 0-rate 90 (90 min tape) *-rate 75 (60 min tape) *-rate 100 (90 min tape)

<u>STUDY ACTION</u>		<u>POINTS</u>
3.	Clay demonstrations (only credited if done <u>precisely</u> per HCOB 11 Oct '67 "Clay Table Training". Demos must be of good large size and show what's being demonstrated. Points are counted per demo rather than per item on checksheet where any one item required more than one demo.)	25
