ALL AUDITORS - MINISTERS

MINISTERIAL BOARD OF REVIEW

All auditors must hold a valid Certificate of Ordination in order to practise auditing, whether for a Church, a Mission or as an independent missionary in the field.

Previously, auditors trained in New Era Dianetics by Missions were required to have their Ministerial Ordination before they could go onto an interneship, which effectively blocked them from becoming internes. With this Policy Letter, that provision is cancelled. Any New Era Dianetic Course graduate may go directly into an interneship without ordination, as his status is still that of "ministerial student". It is recommended that his ordination course be taken at the same time as his interneship.

If a student elects to become a Minister of the Church and practise pastoral counselling (auditing) he does his training and a full interneship and a Minister's Course. He is then given permanent certification. Auditing must occur on the interneship and one does not have to be a Minister to audit on an interneship. However, no one is entitled to practise pastoral counselling after an interneship unless they have also been ordained. Permission to practise may thus be granted by the local Church upon permanent certification and ordination.

Missions are not authorized to ordain Ministers. Their graduates who wish to practise auditing may apply to the nearest local Church for any necessary training and ordination.

A Ministerial Board of Review is established in HCO. . . . It shall be composed of no less than three persons who shall themselves be Ministers of the Church. The Chairman of the Board must be an HCO staff member. The other two members must be ministers of good repute but may be members of other Divisions at the discretion of the Chairman.

The purpose of this Board of Review is to help LRH safeguard Scientology, Scientology Churches and Scientologists by ensuring that Ministers of the Church are and remain of good moral character, continue to uphold the Codes of Scientology and apply standard technology to their counselling of parishioners.

The Board is normally convened by the Chairman. In cases of extreme emergency or flagrant out-ethics in HCO the AG may convene the Board and is the Chairman. In normal operation AG advices must be solicited and included with all rulings submitted to the Office of LRH for Issue Authority.

Ministerial certificates may be suspended by the . . . Board . . . when it finds cause within the framework of the above purpose. Certificate cancellation may be recommended to the Office of LRH in extreme cases.

Where the Minister involved is a staff member of a Mission, the Board is regulated as well by HCO PL 18 April 1970 ETHICS AND FRANCHISE.
