HCO POLICY LETTER OF 28 NOVEMBER 1978

Remimeo

(Also issued as HCOB 28 Nov 78)

AUDITORS WHO MISS WITHHOLDS, PENALTY

As one of the most destructive things an auditor can do is miss a withhold on a pc and as missing a withhold stems exactly from being inexperienced, out-metering, out-TRs, or mutual out-ruds, and as pcs and staff can blow and cause a great deal of trouble when withholds have been missed in sec checking or confessionals, the penalty for missing a withhold on a pc is as follows:

Comm Ev, and if found guilty, suspension of certificates until retrained.

This penalty has been issued in the past but was omitted in modern compilations.

It is no light thing to mess up sec checking on a pc.

Pcs who blow their auditing in Orgs, staff who want to leave, out-ethics mushrooming up in an Org can usually be traced to one or more auditors who miss withholds either by their own out-tech or mutual ruds.

It is highly possible that the reason husband/wife teams often fail is that they have mutual out-ruds or that they miss withholds on each other.

This is no light thing. If this order is not vigorously enforced, lack of enforcement will end up destroying lives, just as it does in the wog world every day.

So, get your ethics presence up and make sure that sec checking is done correctly, without error and with no missed withholds.

This HCOB/PL is retroactive for a decade.
