PUBLIC DIV FUNCTIONS

(Cancels HCO PL 30 July 1970
REGISTRATION BREAKTHROUGH)

HCO PL 30 July 70 REGISTRATION BREAKTHROUGH, actually a BPL written by others, brought about the false idea that the sole purpose of Div 6es was to get new people in and onto their first major service at which point they were no longer handled by Div 6es.

That datum is false. It is not a true scene for Div 6es. There is some fixed think in this area. Fifteen or twenty years ago I used to hear about some org always needing new people because they used them up and that sort of thing. The truth of the matter is, if this state of mind is permitted to continue an org will always have a no expansion scene and will roller-coaster along because they don't take any responsibility for the field.

Despite the cancellation of the above false issue by HCO PL 3 July 71 REGISTRATION CHANGE NEW NAMES TO C/F CHANGE, it was recently discovered that this think was being promulgated relentlessly all along the lines.

Therefore, HCO PL 30 July 70 REGISTRATION BREAKTHROUGH, even though previously cancelled, is hereby RECANCELLED by this Policy Letter. It is not to be used.

Naturally new people are gotten, naturally new people sign up, naturally the field signs up for services and they get trained. But this is not the total activity of Div 6es.

Div 6es also see that a field is formed and serviced and that the field is kept interested and thriving and spills over into the org for services.

The functions and various VFPs of Div 6es describe how this is done. They are fully laid out in HCO PL 19 January 1980 VII CLASS IV ORGS PUBLIC DIVISIONS ORG BOARDS.
