Remimeo HCO POLICY LETTER OF 28 SEPTEMBER 1980
ISSUE IV

CANCELS
BPL 29 May 1973
Reissued 24 August 1975

BPL PASSPORTS CANCELLED

BPL 29 May 73 PASSPORTS is hereby CANCELLED as it is inapplicable to the current scene.

In the past, passports of people who came to the Flag Ship Apollo had to be kept secure as they were stamped in and out of various countries the ship visited.

At that time the location of Flag was confidential and it was of the utmost importance to maintain security of passports.

In December 1975, Flag moved to the Fort Harrison Hotel, Clearwater, Florida, in order to make the Flag Ship Org more accessible to its public.

Passports which contain data on the past and current location of Flag are therefore no longer confidential.

Passports are valuable documents and care should be taken to keep them safe, though they no longer must be kept under lock and key for the purposes of keeping Flag's location confidential.
