GUIDE TO THE FUNCTION OF

PRINTER LIAISON

CANCELLED

BPL 21 December 1969 Reissued 3 August 1975 GUIDE TO THE
FUNCTION OF PRINTER LIAISON and its earlier HCO PL version
are hereby CANCELLED.

Having to get 3 quotes (price estimates) for each print-
ing job, as ordered in this BPL, puts unnecessary slows on
the line.

The action of getting 3 quotes on printing jobs is done
only once. One then takes the printer who does the cheapest
work and knocks prices down even lower by setting up a work-
ing line with him. In choosing a printer, one would also be
interested in how fast the job could get done and the quality
of his work.

As different types of jobs may require different printers,
files of quotes and samples of printing jobs are kept.

These files contain data on various printers - who is
the best, most economical and fastest for each type of job.

A choice of the best printer for each job can then be
made.
