

KEEPING SCIENTOLOGY WORKING

COURSE (FOR NON-TECH TRAINED SCIENTOLOGISTS)

GLOSSARY OF TERMS

(If necessary, refer to the Tech Dictionary, Admin Dictionary or a general dictionary for additional definitions.)

ADVANCED ORG - That organization which runs the Advanced Courses.

ASSOCIATION SEC - (Association Secretary) In the early days there was an HCO Secretary in charge of the functions of the first three divisions (Executive, HCO, Dissemination) and an Association Secretary in charge of the last four divisions (Treasury, Tech, Qual, Distribution) of the seven division org.

THE BANK - A name for the reactive mind, which is that portion of a person's mind which works on a totally stimulus-response basis, which is not under his volitional control, and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions. Stored in the reactive mind are engrams, and here we find the single source of aberrations and psychomatic ills. The term "bank" comes from computer technology where all data is in a "bank".

BLACK PR - BLACK PROPAGANDA - 1. (black=bad or derogatory, propoganda=pushing out statements or ideas), the term used to destroy reputation or public belief in persons, companies or nations. It is a common tool of agencies who are seeking to destroy real or fancied enemies or seek dominance in some field. 2. the activity called black propoganda consists of spreading lies by hidden sources. It inevitably results in injustices being done by those who operate without verifying the truth. 3. when PR is used for the destruction of ideals or institutions or repute of persons, it is called, traditionally, black PR. This is usually covert and a distortion of truth or a fabrication. 5. a covert attack on the reputation of a person, company or nation using slander and lies in order to weaken or destroy.

BY-PASSED CHARGE - 1. Mental energy or mass that has been restimulated in some way in an individual, and that is either partially or wholly unknown to that individual and so is capable of affecting him adversely. 2. Reactive charge that has been by-passed (restimulated but overlooked by both pc and auditor).

CENTRAL ORG - To clarify the functions and purposes of Scientology organizations, this was the original intention: Worldwide was to provide supreme control over Scientology and orgs over the world. Continental Orgs under the guidance of WW took full responsibility for their continental areas. Central Orgs under the guidance of their Continental Orgs took full responsibility for their zones. Area Orgs took full responsibility for their own areas. WW founded new Continental Orgs. Continental Orgs founded Central Orgs. Central Orgs founded Area Orgs. Area Orgs founded Franchise Centres. This was the original pattern of intention.

DIANETIC TRIPLES - Dianetic auditing that is done on the three flows: Flow 1, inward to oneself; Flow 2, outward to another or others; Flow 3, others to others.

DILETTANTE - One who interests himself in an area or science merely as a pastime and without serious study.

DWINDLING SPIRAL - 1. as life progresses, more and more theta becomes fixed as enttheta in locks, secondaries, and engrams, and less and less theta is available to the organism for purposes of reason. This is called the dwindling spiral. It is so called because the more enttheta there is on the case, the more theta will be turned into enttheta at each new restimulation. It is a vicious circle which carries the individual down the tone scale.

ELIZABETH, N.J. - A city in the state of New Jersey, U.S.A., where the first organization of Dianetics in the United States (the Hubbard Dianetic Research Foundation) was started in 1950, and where it remained until 1951.

END PHENOMENA - Those indicators in the pc and meter which show that a chain or process is ended. It shows in Dianetics that basic on that chain and flow has been erased, and in Scientology that the pc has been released on that process being run.

EXECUTIVE SECRETARY - There are currently three Executive Secretaries. They are the HCO Exec Sec, Org Exec Sec, and the Public Exec Sec. They head the 3 HCO, the 3 Org and the 3 Public divisions respectively. (See OEC Vol. 0, LRH ED 49 INT 9 Dec 69, ORGANIZATION PROGRAM NO. 1.)

GRADATION CHART - (Classification Gradation and Awareness Chart) the route to Clear, the Bridge. On the right side of the chart there are various steps called the states of release. The left-hand side of the chart describes the very important steps of training on which one gains the knowledge and abilities necessary to deliver the grades of release to another. It is a guide for the individual from the point where he first becomes dimly aware of a Scientologist or Scientology and shows him how and where he should move up in order to make it. Scientology contains the entire map for getting the individual through all the various points on this gradation scale and for getting him across the Bridge to a higher state of existence.

GULLED - To be deceived; cheated; tricked.

HARMONICS - In music, fainter tones heard along with the main tones.

Tones or levels which relate to and are in harmony or agreement with other tones or levels.

HAT CHECK - The action that is done simply by calling the staff members in and asking them one random question taken from some part of the material contained in the bulletin or policy letter pertaining to his hat (post).

HCO SEC - In the early days there was an HCO Secretary in charge of the functions of the first three divisions (Executive, HCO, Dissemination) and an Association Secretary in charge of the last four divisions (Treasury, Technical, Qualifications, Distribution) of the seven division org.

HIGH CRIMES - These consist of publicly departing Scientology or committing suppressive acts. The overt or covert actions or omissions knowingly and willfully undertaken to suppress, reduce, prevent or destroy case gains, and/or the influence of Scientology on activities, and/or the continued Scientology success and actions on the part of organizations and Scientologists.

LAWS OF LISTING (AND NULLING) - The 20 laws given in HCOB 1 August 1968 which govern Listing and Nulling auditing. Listing and Nulling is an auditing procedure where the auditor writes down items said by the preclear in response to a question by the auditor in the exact sequence that they are given to him by the preclear. The auditor then nulls the list (which means he says the items from the list to the pc and notes the reaction of the pc by use of an E-meter), and there must only be one item which has any read in it of any kind whatsoever on that list.

MOCK-UP - Any knowingly created mental picture that is not part of a time track.

MODEL SESSION - The same exact pattern and script (patter) with which an auditing session is begun and ended; the overall form of all Scientology auditing sessions which is the same anywhere in the world. The same words are always used to open, continue and close a session and to begin and end processes. By doing this a duplication of sessions is achieved which, as they continue, runs the sessions out.

MULTIPLE DECLARES - Declaring Grades 0 to IV all at one time mostly without any mention of the end phenomena of the Grade.

NATIVE STATE - 1. the potentiality of knowing everything.
2. the thetan is not in contact with space, energy, mass. He doesn't have any dimension. 3. the native state thetan is total knowingness.

ORG SEC - (ORGANIZATION SECRETARY) (see definition of Association Secretary) - In the US and St. Hill this post was called the Organization Secretary. In the Commonwealth and South Africa it was called the Association Secretary.

PRE-HAV (LEVEL) - Before one attained havingness he ran a "before-havingness" process hence "pre (before) have". When the full scale was achieved he could have. The prehavingness buttons are the things that prevent people from having.

Q AND A (QUESTION AND ANSWER) - A failure to complete a cycle of action on a preclear. Q and A means asking a question that is based on the last answer. It never completes any cycle. When the term Q and A is used it means one did not get an answer to his question. It also means not getting compliance with an order but accepting something else.

QUALITY - The degree of perfection of a product.

QUICKIE GRADES - A derogatory term denoting Grades "run" without running all the processes of the Grades each to full end phenomena thus reducing the effectiveness of Scientology by failure to apply it properly.

REMIMEO - This is a designation at the top of certain issues (HCO Bulletins and HCO Policy Letters) which means the issue, when received from Flag, is mimeoed again by the org and copies distributed to staff, staffs of nearby orgs and students as they wish. "Remimeo" indicates that the issue is principal technical or policy material.

SECRETARY - There are 7 secretaries in each organization when you have a 7 Division org board. When you have a 9 Division org board (3 Div 6s) you have 9 secretaries - who head each division of the organization.

SELF-ABNEGATION - Sacrificing of one's self-interest for the sake of others or for a belief or principle; Self denial.

SERVICE FAC (SERVICE FACSIMILE) - That computation generated by the preclear (not the bank) to make self right and others wrong, to dominate or escape domination and enhance own survival and injure that of others. They are called "Service Facsimiles" because they (1) serve him and (2) are in mental image picture form. They explain his disabilities as well. The facsimile part is actually a self-installed disability that "explains" how he is not responsible for not being able to cope. So he is not wrong for not coping. Part of the "package" is to be right by making wrong. The service facsimile is therefore a picture containing an explanation of self condition and also a fixed method of making others wrong.

It is called a service facsimile because he uses it; it is "of service" to him.

Aberration, anybody's aberration on any subject, has been of some use to them at some time or other. You can trace it back. It's been of some use, otherwise they wouldn't keep mocking it up. But now, if you put it up against survival standards, you'd find it very non-survival.

The pc adopted this because he couldn't stand the confusion in a situation. So he adopted a safe solution. A safe solution is always adopted as a retreat from the environmental restimulation. He adopted a safe solution in that instance and he survived. His safe solution became his stable datum. He has hung onto it ever since. It is the computation, the fixed idea, he uses to handle life, his service facsimile.

It is a thing he has adopted to handle his environment for him but which reduces his ability to handle his environment.

SQUIRREL - 1. Those who engage in actions altering Scientology, and offbeat practices. 2. To change and invent processes.

STATUS - High standing, or position, prestige.

TA (TONE ARM) - Meter control lever. It registers density of mass in the mind of the preclear. This is actual mass, not imaginary, and can be weighed, measured by resistance, etc. Therefore, the tone arm registers state of case at any given time in processing. The tone arm also, by moving, registers advance of case during processing.

TA DIVISIONS - Movement of the E-meter Tone Arm counterclockwise equivalent to the distance between 2 of the numbers on the Tone Arm dial, e.g. from 3 to 2 or 5 to 4 on the dial would be one division of TA. If you are unfamiliar with an E-meter, go look at one. Put the Tone Arm at 3 on the Tone Arm dial. Then move it downward to 2 on the dial. This movement downwards from 3 to 2 on the dial is called one TA division. Only downwards motion of the Tone Arm is counted in figuring out how many divisions of TA a pc gets in a session.

TECHNOLOGY - The methods of application of an art or science as opposed to mere knowledge of the science or art itself.

VENEER - An outward show that enhances but misrepresents what lies beneath.

WHOLE TRACK -The moment to moment record of a person's existence in this universe in picture and impression form.

WICHITA - A city in the state of Kansas, U.S.A., where L. Ron Hubbard trained Hubbard Dianetic Auditors in the first official training center (the Hubbard Dianetic Foundation of Wichita, Kansas) in 1951.

WITNESS - to see with one's own eyes, to experience by personal observation something of interest, importance or special concern.
